## 1. BIZZ2GO / BUSINESS MODE

Bizz2Go is a separate feature that can be purchased with the Fix4Bizz fixed line options. The Business Mode will allow you to use your mobile line as if you are using your fixed line no matter where you are.

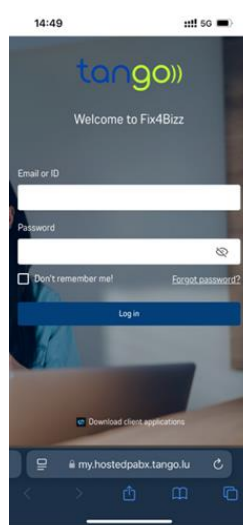

**Business Mode on:** Recipients of your call will see the phone number on their display even though you are calling from your mobile line.

**Business Mode off:** Normal usage of your mobile phone number. Recipients of your call will see your mobile phone number on their display.

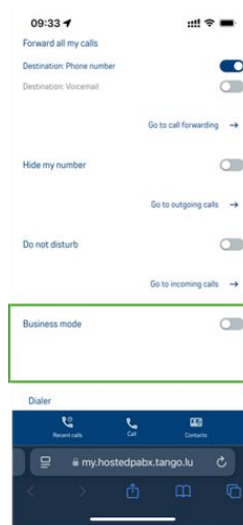

This document describes how to set up and use the Tango Bizz2Go option via the Fix4Bizz platform.

## 2. FIND AND ACTIVATE THE BUSINESS MODE OPTION ON YOUR HPBX PLATFORM VIA YOUR MOBILE DEVICE

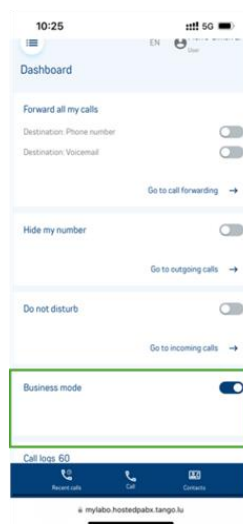

- 1) Open your Internet browser on your mobile device & enter <https://fix4bizz.tango.lu>
- 2) Type in your Fix4Bizz username and password (separately receive by e-mail upon creation of the service)
- 3) On the HomeScreen go to the section “Business Mode”
- 4) If you want to use your registered mobile phone number as your fixed line turn on “Business Mode” → When the business mode is active all calls that you make from your mobile phone line will be shown to the recipients with the fixed line number

### 3. SAVE THE HPBX PLATFORM ACCESS AS AN APP-ICON ON YOUR MOBILE DEVICE

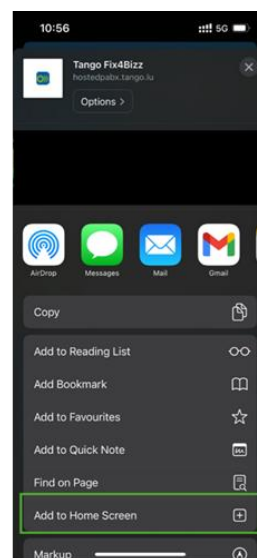

In case you want to have a quick access to the HPBX platform, you can create an App icon on your mobile device to have a quick access to the Webview of the HPBX platform.

**For iOS:**

- 1) When you are logged into your HPBX platform on your mobile device click on the “” symbol on the bottom of the page.
- 2) The website setting page opens and you click on “Add to Home Screen”
- 3) This will create an App like shortcut on your Home Screen. If you click on the Icon you will be directly redirected on the HPBX platforms Webview.
